THE STORY

For Anne-Caroline Biancheri, the idea of starting a family represented the decision to undertake a life conceived from the values, landscapes and aromas with which she wanted to see her children grow up. She started with land. Looking for such a place, she discovered Vista Flores.

PHILOSOPHY: Respecting the terroir, using old traditions and new technologies, we elaborate super and ultra premium wines. Under strict quality controls, we take care of each detail all along the elaboration process, from the vineyard to bottling.

BIOGRAPHY: Antucura means “Sun Stone”, according to the local ancient language Mapudungun.

Anne-Caroline and our winemaker Mauricio Ortiz created a great synergy between terroirs specific attributes and classic French vinification, giving our wines a sense of origin and elegance.
