Folktale Wine & Spirits is the culmination of decades of drinks industry experience. Centered around Folktale Winery & Vineyards, our estate property in Carmel, California, ours is a portfolio of memorable, delicious wines that respect place and history, but are not bound by tradition, expectations, or rules.

> **BIOGRAPHY:** Our portfolio is dedicated to sustainably and organically farmed estate vineyards, beginning with our 600+ acres in Monterey County. We are committed to low intervention, zero additives, and distinctive expressions of terroir. While limited in production, each wine tells a story that evolves each vintage.
