

Biokult Zweigelt Pinot Noir

THE FACTS

COUNTRY: Austria

REGION: Burgenland

APPELLATION: Burgenland

THE STORY

Biokult, located in Pamhagen in the Niederösterreich region of Austria, produces fine Austrian Biodynamic wines. The wines are produced by the Michlits family, one of the most creative and influential Biodynamic and organic wine growing families in Austria. Their products and production methods are revolutionary for the region. Not only have they been able to understand and implement the use of non-trimmed vines in the region, but the use of Biodynamic methods and the translation of these into new production standards are awe inspiring.
