# The Story

Stellar Winery is one of South Africa's top producers of organic,
fair trade wines. Situated just outside the Namaqualand town of
Vredendal, the cellar processes grapes from farms stretching
from Bulshoek Dam in the south to the cool climate vineyards of
Koekenaap, close to the mouth of the Olifants River on South
Africa's west coast. The uniqueness of Namaqualand infuses our
business and our product. Glorious carpets of spring flowers, hot
sunny summer days, cold nights with an awe-inspiring canopy
of stars overhead and quirky, straight-talking people are what
this region of South Africa's Western Cape Province is all about.
PHILOSOPHY: To produce the best possible value range
of additive free wines in the most sustainable methods
available. Recycled light weight glass and craft packaging
materials.
