PHILOSOPHY: Working as one force to regenerate and sustain earth's fertility and deliver the consumer a product from land cultivated with wellness. Geese don't necessarily make this wine, but they for sure don't duck out on the responsibilities. Eighty birds stay on the 2 hectare Vignaparco vineyard and help compact soil, compost, and control harmful insects. No tractors have entered since 2015.

BIOGRAPHY: Located in San Donato in Poggio, the winery is surrounded by 28ha of vineyards and 1000 olive trees. Proximity to the sea and bordered by an arc of Colle di Pietracupa hills, summers are cooler & winters are milder.
