REGION: New York

APPELLATION: New York

WINEMAKING: Made with a base of corn vodka that has been distilled 4 times with pure spring water from Westford Hill, Connecticut.

THE STORY

BouveryCV® is produced at Westford Hill Distillers, nestled in the rolling hills of Connecticut, located on 200 acres of property owned by the Chatey family since 1919.

This distillery property is unaltered and intact since first settled in 1711. Distilling has taken place on the property since the mid-1700s when non-tax-paid spirits were procured at the "Smugglers Tree." The corn-based vodka produced here, is carefully blended with the BouveryCV® proprietary formula, then hand-bottled and labeled for distribution. Danny was introduced to Lou and Margaret Chatey in early 2014 and is excited to be working with them on a small batch craft product.
