THE STORY

Our proprietor, vintner Trevor Sheehan, began his journey in the wine profession 10 years ago. After spending nearly a decade learning from the master winemakers of

Burgundy and Bordeaux while collecting and trading the world's finest wines, he became determined to create brands that unlock the essence and flavors of these treasures at affordable prices.

We present a distinguished collection of wines and spirits each made with precise attention to detail and a commitment to quality from the source to the packaging. Our wines and spirits are layered with complex and delicious flavors, showcasing the unique characteristics.
