

Melea Organic White

THE FACTS

COUNTRY: Spain

REGION: Castilla y Leon

APPELLATION: Castilla y Leon

THE STORY

Named after the rare bee Anthophora Melea which not only pollinate wildflowers in the vineyard but also provide natural yeasts used to ferment the wines. Organic, vegan wine made without toxic chemicals that can harm bees and other insects.

PHILOSOPHY: The fruit comes from organically certified, traditionally managed, dry-farmed vines near Cuenca.

The vineyards were planted in 1999 at an altitude of 660m with reddish-brown, sandy-clay soils, low in organic matter and high in chalk and limestone, suppressing yields to just 3kg per plant, giving greater quality grapes.

The extreme continental climate means there is a high diurnal temperature range conserving acidity and increasing aromatic intensity.

The lack of rainfall reduces the risk of fungal diseases without the need for chemical treatments

THE ADJECTIVES

OVERALL: Refreshing white blend

AROMAS / FLAVORS: Tropical fruits, white flowers, flint

MOUThFEEL: Lively citrus flavors with a persistent finish

THE SELLING POINTS

PAIRINGS: Pairs well with ceviche, raw oysters, fish and sauteed chicken dishes
