THE STORY

It was founded in 2002 by the Domènech family, with the goal of preserving and improving the natural heritage of the estate by creating a wine-making project that embodies the landscape and biodiversity of the environment, maintaining its unique ecosystem.

PHILOSOPHY: We value the biodiversity of the forests and vineyards around us, considering it an interactive ecosystem that offers protection and balance to both flora and fauna and microorganisms.

It is a unique and different process that can only be enjoyed in an extraordinary natural environment. You will feel nature and the landscape captivate you and transmit the essence of our wines.
