

Duchman Family Winery Sangiovese

THE FACTS

COUNTRY: USA - TX

REGION: Texas High Plains

APPELLATION: Texas High Plains

CEPAGE: 100% Sangiovese

WINEMAKING: Harvested from select vineyards on the Texas High Plains at elevations exceeding 3,000 feet, where sandy loam soils and significant diurnal temperature shifts create ideal conditions for Sangiovese. This iconic Italian variety exemplifies Duchman's commitment to authentic varietal expression. Harvested at optimal phenolic ripeness, the grapes are gently processed to preserve their distinctive character. The wine matures in a combination of French and American oak barrels (with minimal new oak) followed by bottle aging, finding the perfect balance between structure and vibrant fruit expression. This thoughtful approach transforms Sangiovese's naturally bright, sometimes austere character into a wine of remarkable balance that authentically showcases both its Tuscan heritage and unique Texas terroir.
