THE FACTS

COUNTRY: France

REGION: Rhone

APPELLATION: Cotes du Rhone

THE STORY

Domaine la Manarine was created by Gilles Gasq in April 2001. The winery and majority of his vineyards are located within the commune of Travaillan, on a splendid plateau northeast of Orange in the southern Rhone. Gilles is a talented vigneron who has honed his skills working as an assistant to Paul Jeune, the proprietor of Domaine Monpertuis in Chateauneuf-du-Pape.

PHILOSOPHY: Domaine La Manarine practices organic viticulture. Work in the cellar is minimal with little intervention. Fermentations are left to start with indigenous yeasts, with no fining and only a light filtration is utilized if needed.
