

Tim Smith Viognier

THE FACTS

COUNTRY: Australia

REGION: South Australia

APPELLATION: Barossa Valley

THE STORY

Born in a 'light bulb moment' on a study tour to France's Rhone Valley, Tim Smith Wines was established in 2001 with our first vintage in 2002. We are still unashamedly heavily influenced by the wines of the Rhone Valley, but with a very healthy respect for our regional Barossa wine style.

PHILOSOPHY: The mantra for the brand is that if it does not bear the Tim Smith 'Thumbprint' then it does not meet the quality standard. All the wines are made with high quality fruit and in small batches of 250-700 cases

BIOGRAPHY: Tim Smith is a Barossa Valley-based winemaker and one of Australia's most awarded boutique producers. Tim's story started, like many, with a bottle of wine and a dream.
