THE STORY

Azienda Agricole Chiappini sits in the heart of Bolgheri on the Via Bolgherese - the road that is home to all the most important wine estates in the region. Chiappini is a family-run estate led by Giovanni and passed down to his two daughters Martina and Lisa. Primary to everything the Chiappinis do is their connection to the land, working in symbiosis at every turn.

PHILOSOPHY: Since the 2010 vintage the family has employed entirely organic production within the farm, the vineyards and the olive grove out of respect for the territory, the environment and the farmers.
