

# Dom Saint Damien Gigondas Vieilles Vignes

## THE FACTS

COUNTRY: France

REGION: Rhone

APPELLATION: Gigondas

## THE STORY

The lands of the GIGONDAS appellation are at the very heart of the Rhone Valley, just below the rocky hills of the Dentelles de Montmirail, spreading throughout terraced vineyards, producing superior wines with high ageing potential. For over 2000 years, wines of the region have provided for man's livelihood. « A great family tradition... » Four generations of winegrowers have worked family vineyards since 1821. Owing much of its expansion to Clovis SAUREL, the vineyard was renamed "Saint Damien" in 1979, reminding us that an old chapel used to stand near the wine cellars, today long vanished.
