THE STORY

Viña Koyle was born from the tradition that the family Undurraga carry in their blood; a family dedicated to winemaking for more than six generations, started by Francisco Undurraga Vicuña in 1885. In 2006, Alfonso Undurraga Mackenna bought the Los Lingues estate and immediately began with his son, Cristobal, to plant the mountains with red grape varieties, starting the story of Koyle Family Vineyards. Koyle is dedicated to making wines of origin with a pure expression of terroir achieved through Biodynamic agriculture.
