THE STORY

Miscellaneous Wines was forged from a passion for creating wine from a specific place and time. The concept of representing a unique vineyard in a single vintage by isolating a handful of individual barrels was the inspiration. As harvest comes to a close and the wine has had time to develop in the barrel, the process of selecting distinct small-reserve lots begins.

"Each grape tells its own story. Every vineyard possesses its own terroir. No vintage of wine is ever the same." Winemaker, Grant Long Jr.

Misc. Wines captures these expressions in a single bottle of wine every year.
