

Troon Vineyard Vermentino

THE FACTS

COUNTRY: USA - OR

REGION: Southern Oregon

APPELLATION: Applegate Valley

THE STORY

Troon Vineyard is dedicated to regenerative agriculture and we practice biodynamics in our quest to put back more than we take from our plants and soils. We believe the only route to memorable wines, that reflect the terroir of where they were grown, is to be found in the healthy soils and vines that are the foundation of biodynamic agriculture.

PHILOSOPHY: Agriculture has a natural rhythm — unless we disrupt it. On our biodynamic farm we are surrounded by natural cycles, and it is our job to nurture those rhythms. We farm like the world depends on it.

BIOGRAPHY: Troon Vineyard is a Demeter Biodynamic® Certified and Regenerative Organic Certified™ farm in Oregon's Applegate Valley. It is an historic Oregon winery originally planted by Dick Troon in 1972. Today Troon is owned by Texans Denise and Bryan White.
