THE STORY

Rieslingfreak is all about the expression of Riesling. We at Rieslingfreak immerse ourselves in Riesling, showing different expressions of Riesling through regions and styles. What I love about Riesling most is the diversity of the grape. At Rieslingfreak, we are deeply passionate about the variety and craft a range of Rieslings. Each of our Rieslings are numbered—the number representing both region and style. We source our Riesling from some of Australia's top producing Riesling regions, including Clare Valley, Eden Valley, and Polish Hill River.
