THE STORY

Mike Januik has been making wines in the Columbia Valley since the mid-1980s, affording him the opportunity to work with a dedicated group of top growers. When Mike established his own winery in 1999, he developed a short list of vineyards he considered to be among the best in the state. Such well-known, mature sites as Champoux, Seven Hills, Klipsun, Ciel du Cheval and Red Mountain, to name just a few, are the single greatest point of difference in Januik wines.
