

Domaine de Roche Guillon Fleurie

THE FACTS

COUNTRY: France

REGION: Beaujolais

APPELLATION: Fleurie

THE STORY

Five generations of winemakers on the same hillside, that proves the loyalty to the vineyard. Now Bruno and his family, the new generation, take the best of this plot planted by Bruno's great grandfather. The vinification and aging have remained traditional in order to preserve the typicity fruity, soft tannins and rich that are the hallmarks of the field. The vineyards spread over 9 ha and are located on gently rolling hills with granite-based soil. The south-east facing exposure combined with an altitude of over 350 meters ensure the vines yield grapes with considerable ripeness whilst retaining a delicate aroma and structure typical of the appellation.
